

# Validation

## HTML:

The screenshot shows the Nu Html Checker interface. The browser's address bar displays the URL `https://validator.w3.org/nu/#file`. The page title is "Nu Html Checker". Below the title, a message states: "This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change". The "Showing results for index.html" section contains a "Checker Input" box with options to show source, outline, image report, or options. The "Check by" dropdown is set to "file upload", and a "Browse..." button is present. A "Check" button is at the bottom of the input box. The results section shows two messages: 1. "Info The Content-Type was text/html. Using the HTML parser." and 2. "Info Using the schema for HTML with SVG 1.1, MathML 3.0, RDFa 1.1, and ITS 2.0 support." A green banner at the bottom of the results section states "Document checking completed. No errors or warnings to show." Below this, it says "Total execution time 12 milliseconds." At the very bottom, there are links for "About this checker", "Report an issue", and the version "15.10.29".

## CSS:

The screenshot shows the W3C CSS Validator interface. The browser's address bar displays the URL `https://jigsaw.w3.org/css-validator/validator#warnings`. The page title is "W3C CSS Validator results for style.css (CSS level 3)". Below the title, a green banner states "Congratulations! No Error Found." Below this, it says "This document validates as CSS level 3!". A paragraph explains that the document is interoperable and provides an XHTML snippet for displaying a validation icon. The snippet is: 

```
<p>
  <a href="http://jigsaw.w3.org/css-validator/check/referer">
    
  </a>
</p>
```

 Below the snippet, it says "close the img tag with > instead of /> if using HTML <= 4.01". At the bottom, there is a red horse logo and text stating: "The W3C validators are developed with assistance from the Mozilla Foundation, and supported by community donations. Donate and help us build better tools for a better web." The page number "5405" is visible in the bottom right corner.
